

**BLACKHEATH  
PREP**

**Clubs Programme**  
Autumn Term 2024

## Introduction

This edition of the After-School Clubs booklet reflects changes we have made in the clubs we offer, based on feedback and our desire to bring more and varied opportunities into the programme. Our clubs provision is constantly evolving as we seek fresh and inspiring ways to extend and enrich children's learning and respond dynamically to their interests.

At the heart of our ambition for Blackheath Prep is our commitment to providing the very best for all children to enjoy and achieve. This includes having the widest possible range of opportunities both within and beyond the curriculum. We offer extra-curricular opportunities through various types of provision delivered by school staff, external providers and independent clubs, all with a view to increasing the range of experiences that children have, enabling them to make informed choices for adult life. Activities are designed to be fun and cater for a wide variety of interests.

We want to offer the scope for each and every child to find a passion, develop a talent, spark an interest or simply find pleasure in doing an activity with others. After-school clubs are a fantastic way of achieving this and we are excited to offer a wide range of clubs. This booklet outlines all of the clubs we have available.

Some internal clubs are heavily oversubscribed every term and children may be placed on a waiting list for these clubs. Whilst every effort is made to ensure that children are able to enjoy their choice of clubs, this is not always possible.

### **Clubs may be cancelled if there are not enough participants.**

We hope you will take time to explore what is on offer and encourage your child to try something new or continue taking part in a firm favourite.

We will be using the online myEVOLVE booking system for all internal clubs, as well as Tennis. Other external club providers have various means of booking which are detailed in this booklet.

**All club bookings will open on Friday 28 June at 8pm and close on Thursday 4 July at 8pm.**

**Please note that the clubs run by outside agencies require direct booking and payment to secure your place.** The charge for all internal clubs run by staff will be added to your Autumn Term Fee invoice. Occasionally, fixtures and other events will mean that children may miss a club and in these circumstances, **we regret that we are unable to provide a refund.** The PE Department will make every effort to schedule fixtures on allocated Games afternoons to minimise disruption to after-school activities so please do bear this in mind when booking your clubs. Year 4 Games takes place on Tuesday afternoon, Year 3 Games take place on Wednesday afternoon, Year 5 Games takes place on Thursday afternoon and Year 6 Games take place on Friday afternoon.

The school's Autumn term calendar will be available on My School Portal. If you feel that too many sessions of a club are likely to be missed due to other events, you have the option to change or cancel your bookings at the start of the Autumn Term. No changes will be accepted once the clubs programme has commenced on Monday 9 September 2024.

## Important Points to Note

Booking to take place using myEVOLVE, via the link on My School Portal.

Any difficulties with the booking system, please email [clubs@blackheathprep.co.uk](mailto:clubs@blackheathprep.co.uk)

Any changes to bookings must be made by **Monday 9 September 2024**.

## Clubs

### Ballet

Children will learn the fundamental steps, exercises and techniques of Ballet dancing. Pupils will learn set grade exercises from the ISTD and IDTA syllabi. The knowledge the pupils learn from their steps will be linked into 2 show pieces that we will demonstrate at the end of term. The dances will be connected to stories from the ballet. This term will have a “Nutcracker” theme.

**Minecraft Coding**

Learn to code with the world’s most popular block-building game. Coders will learn new programming concepts and mathematics concepts each week with Minecraft Education Edition. They will be given projects that help build problem-solving skills using Microsoft MakeCode (and potentially Python or JavaScript for the older year groups) in a safe, single-player, 3D Minecraft world. Topics will build up each week with co-ordinate geometry, conditionals, loops, variables, functions and much more!

**Lego Robotics and Coding**

Build and code your own robots! In this club, the children will learn about all types of components that are used in building robots: processors, motors, sensors, displays etc.. Each week, they will use these to build and programme their robots. They will be given a set of challenges to complete each week. Applications will vary from smart homes and automated machines to rescue bots and space rovers. The pre-prep children will be working with Lego Wedo 2.0 and Lego Spike Essential whilst the prep children will use Lego Spike Prime, BBC Micro:Bit, MakeyMakey, Sphero BOLT etc.

### Novel Club

At Blackheath Prep we want to develop every child's passion for reading. At Novel Club we will encourage our children to read lots of different types of books to develop their reading skills, expand their knowledge and become inspired. Children will read and review a variety of books for fun, discuss topics that relate to them, communicate face-to-face, learn to respect each other's different opinions and think creatively while completing tasks based on books they will read.

### Textiles Club

In DT club, the children work with a range of materials and tools to create a different project. This club begins with a design session where a range of fresh ideas are explored and a final design choice is developed. The final stage of every project is the creative finish, this is the stage that gives life to individual creativity, style and flair.
